

ILLUMINATE THE PATH TO WASHING PIPETTE TIPS IN YOUR LAB

TIPLUMIS *mini*

SANITIZED STORAGE
Store clean pipette tips in the HEPA filtered, and UV sanitized chamber of the TipLumis mini until they are ready to be used.

RACKS ON RACKS
Storage for up to 15 racks of pipette tips.

CONVENIENT BENCHTOP FIT
Designed to be paired with the TipNovus line of instruments to create a seamless tip washing workflow.

A Powerful Pipette-Tip Washing Workflow Solution in a Small Package

The TipLumis mini fits seamlessly with Grenova's suite of workflow solutions to manage washing any type of pipette tips your lab uses.
